

Maidstoneonline pioneered local web-based information for Maidstone in 1999 and remains the only professionally designed website offering advertising opportunities for the county town of Maidstone.

With over 300 pages of information it is also the most comprehensive commercial site in the maidstone area regularly attracting as many as 6000 unique visits a month from local and international sources.

Skyscraper Graphic Advertising

Banner advertising space is based on an Internet standard of 120 pixels wide and varies in depth from 120pixels to 600pixels. As with all ads, we use advanced rotation software to manage the display of your ad. The banners must be 20k file size or less. They may be animated if desired. Due to ethics, all advertisements will be subject to scrutiny before acceptance. Rates shown below do include a link to your website but do not include graphic design work, however, we have excellent graphic artists available and can get you a quick price quote should you need design work.

Cost Variations

The most visited page is, obviously, the introduction page and so prices here are accordingly higher. Examples of the pricing structure are shown opposite and are based on a three month insertion.

Links to websites

These are offered free to non profit making organisations such as some clubs and meetings but hotels and services mentioned in the text may have links to their site - the cost is a nominal £25 per year - if you would like to discuss your needs please contact :
